**membership dues do not reach far in creating events Kris advised perhaps MAC would sponsor an event - to be investigated**

- Student Survey Report - intent is to measure perceptions of alcohol / cannabis use. Ashley looking for volunteers who would like to take a deeper dive into data already collected and look to compliment / supplement this data via other collection methods perhaps key informative interviews or focus groups with teachers, coaches, youth groups. In addition to this data already have, it would help to reenforce getting youth involved in activities - HOW to get to students. Also, reenforce positive choices - have youth understand that substance usage / abuse is NOT the norm. These recommendations were provided from an evaluation at PIK (Prevention is Key). It is completed every two years. Ashley looking for volunteers to delve into the data and devise how to get the messages out to youth. Jordana is working with a JTHS "social media" teacher and will follow-up with Ashley by March 6<sup>th</sup>(roughly). Names mentioned: Ms/Mr? Gugger; Al Kazanfir Jordana is also in discussion with Kean University for an "intern" like student if unable to locate a media pro amongst the JTHS population. In either case, it's an opportunity for a student to build a "brand" for themselves and provide valuable assistance

*Ashley /  
Jordana*
